- Other : Web Performance Optimization, Cross-Browser Compatibility, BEM technology (Block Element Modifier), CSS Animation

WORK EXPERIENCE

HTML Developer — May 2022 - May 2024
Quytech — Gurugram

- Developed and maintained responsive websites using HTML5, CSS3, JavaScript & React.js.
- Collaborated with designers and back-end developers to implement UI/UX designs and integrate front-end code with server-side logic.
- Optimized web performance by minimizing file sizes, reducing HTTP requests, and implementing caching strategies.
- Conducted cross-browser testing and ensured compatibility with major browsers.
- Implemented web accessibility best practices to ensure compliance with WCAG standards.
- Seamlessly integrated front-end components with back-end services using RESTful APIs
- Implement techniques like code splitting to improve application performance.
- Use lazy loading to delay the loading of non-essential resources.

Web Designer — Aug 2021 – Apr 2022
D-Axis Digiweb Solution — New Delhi

- Translated design mockups into responsive HTML/CSS templates.
- Proficient in using WordPress page builders such as Elementor or WPBakery
- Managed and maintained multiple WordPress websites, ensuring optimal performance, security, and usability.

Web Designer   Feb 2020 – Aug 2021
